

Ettore "UPVC 'powerful' cleaner"

UPVC CLEANER IS AN EXTREMELY POWERFUL CLEANER WHICH IS ESPECIALLY DEVELOPED, IN CO-OPERATION WITH PROFESSIONAL WINDOW CLEANERS, FOR CLEANING OF ALL TYPES OF SYNTHETIC WINDOW FRAMES.

- **APPLICATION**
Cleans all kinds of synthetic frames, windows, doors, etc from atmospheric contamination, nicotine deposits and many other types of dirt, making your UPVC as good as new again..
- **DIRECTIONS FOR USE**
When lightly soiled:
Turn the nozzle on the front either a quarter to the left or right (STREM / SPRAY).
Spray the HG UPVC powerful cleaner onto a clean cloth and wipe the surface.
Wipe the surface again with a slightly damp cloth to remove any streakiness.
Turn the nozzle a quarter after use (OFF).
When heavily soiled:
Turn the nozzle on the front either a quarter to the left or right (STREM / SPRAY).
Spray the HG UPVC powerful cleaner on the surface to be cleaned and leave to work for a few minutes. Now wipe the surface with a cloth and possibly with water, or rinse with water. Repeat the treatment for very heavy soiling and leave the UPVC powerful cleaner to work longer. Turn the nozzle a quarter after use (OFF).
